

## **Code of Conduct for Parents and Carers**

**Black Scorpion Karate CIC values the involvement of parents and carers in fostering a positive experience for all. This code highlights how we can work together to support our club community.**

- **Encourage and Support**  
Encourage your child's participation and personal development in karate. Celebrate their efforts, irrespective of the outcome.
- **Respect for All**  
Show respect to all instructors, staff, and other families. Avoid any disruptive behaviour that may impact training sessions or events.
- **Communication**  
Direct any questions or concerns to instructors respectfully and privately. Refrain from providing technical instructions during sessions—leave this to the coaches.
- **Involvement**  
Actively participate in club events and support any fundraising efforts when possible to enhance the club community.
- **Health and Safety**  
Ensure your child is prepared for training, with appropriate equipment and hydration, and inform us of any relevant medical or well-being concerns.

**Non-compliance with this code may lead to restrictions on attendance or further actions.**
